#### CHANDLER NEWS.

The Mesa Improvement company has found it necessary to add another automobile to its garage. This new car is a 40 horsepower and seats nine passengers comfortably. With Arthur at the wheel and good roads there is no such thing as distance.

Wilbur C. Smith is a recent purchaser of land at Chandler. Mr. Smith has been a world traveler and now selects this valley for his home. He states that he has never seen the equal of this country for making money and for comfortable living.

F. L. Dixon, the Chandler agent in Denver, is here. Mr. Dixon was formerly employed by the Ferry estate in Detroit and has since been very successful in his new work. He brought a party of Coloradoans with him most of whom will settle on their lands at once and build homes.

Frank E. Smith and wife of California, arrived Saturday and will build immediately west of town.

F. McClusky, a land salesman from Los Angeles, came in Saturday with a party of eight home-seekers all intending to select land for themselves and friends.

Contractor Deal is rapidly progressing with his work of putting in the cement curbing on the streets of the business section and the central park or plaza. He is also trenching and excavating for the concrete work on the water fall and island which is laid out in the center of the park by Engineer Severance.

"Mayor" Roy W. Hanna, after a short stay on the coast is now more than busy locating people on their lands and getting help to all generally. When not out in the country he can be found at the townsite office.

B. W. Peabody and wife of Imperial valley arrived Saturday with a carload of household goods and farm implements.

E. W. Hanna, sales manager for the Mesa Improvement Co., is one of the active land boosters who not only sells land but demonstrates his belief in the future of the country. Yesterday he added to his already large list of holdings an 80-acre tract one mile west of Chandler. This property is to be planted to alfalfa this month.

E. E. Morrison is putting a fine wire fence around his forty south of town adding much to the efficiency and appearance of the place. Morrison is not only a rancher but storekeeper and postmaster. He has an able coadjutor in Mrs. Morrison.

H. D. Sablin and family moved to their land last week.

T. J. Walker, a wealthy nurseryman of San Fernando valley, California, last week purchased one hundred acres of Chandler ranch. Mr. Walker announces his intention of establishing a big nursery here for he believes this to be a great citrus fruit section. In his opinion, and it is that of many others, the warm water wells being installed by the U. S. R. R. will absolutely protect young trees from severe weather.

J. H. Quatter, from Idaho Springs, Colorado, is here with his family and a carload of household goods. For the present he will make his headquarters in town until his ranch house is built two miles south.

Much interest is being shown in cantaloupe raising and it is expected that about 200 acres will be signed up in one of the leading associations.

A. W. Sutherland has received his car of house furnishings and live stock from Colorado. He will begin construction at once of a home on his forty acres in section four.

J. E. Eldridge has purchased forty acres one-half mile east of town. He will move his family here and intends preparing this land for cultivation at an early date. Mr. Eldridge is a carpenter and contractor and will pursue that business while his sons look after the farm.

J. J. Upton and wife are here on a short visit from their home in Long Beach, California. Mr. Upton is having his farm south of town put into crop. He says that his has been a long life of business pioneering, and that he finds here the most ideal conditions under which he has ever invested and worked.

Cosper and Lance, building contractors, have completed a very pretty farm house for C. H. Howell east of town. It is a comfortable bungalow home and the builders deserve credit for so ably carrying out the plans of Mr. Howell and Architect Norton. It is to be hoped that Cosper and Lance will be kept busy building many more such homes on the big ranch.

#### REPELS ATTACK OF DEATH.

"Five years ago two doctors told me I had only two years to live." This startling statement was made by Stillman Green, Maizeville, Cal. "They told me I would die with consumption. It was up to me then to try the best lung medicine and I began to use Dr. King's New Discovery. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." Its folly to suffer with coughs, colds or other throat and lung troubles. Take the cure that's safest. Price 50 cents and \$1.00. Trial bottle free at all druggists.

#### THE CITY OF BEAUTIFUL SMOKE.

Robert Haven Schaffner, writing in the March Metropolitan, says: "I never came within range of the unique spell of modern Pittsburg without wishing that I might personally conduct thither the sage who mendaciously declared that there is nothing new under the sun. For Pittsburg is something new."

"From any of the city's hundred hills one can enjoy more varieties of smoke in an hour than there are kinds of cloud in a month. These range all the way from fairy shavings of ice, and curls of driven snow, through geological strata of pure cream, mischievous, evanescent ringlets of bluish white, smudges faintly tinged with olive, aerial blanches of delicate rose, trees of orange and rusty red, through a hundred tones of gray, from the most ethereal fawn to sheer brutal dirt, then deepening to a black as rich as the glossy, tarry coal from which it sprang."

"One convenient thing about the smokescape is that you can enjoy some part of it wherever you happen to be. Looking west along the canon of Fourth avenue one morning the lower parts of the office buildings were quite obliterated by a dense, low-lying bank of soft, dusky smoke. But as the eye traveled upward this cloud began to thin, until, when it reached the cornices, every detail of them stood out sharply in the sunlight against a sky of pale sapphire. Such effects are as interesting as they are characteristic of the place."

Good roads represent in great degree the present activities of the average automobile club, as is made apparent by the reports from all over the country sent by American Automobile association clubs to the good roads board of the national organization. The Western members are more ambitious than the Eastern members in the scope of their operations.

#### PORCH FURNITURE.

Is a subject that will soon be of vital interest to the residents of Phoenix—for a porch is the living room of most families during the summer season. The Barrows-Poehler Co. have a line of "Old Hickory" porch and lawn chairs, settees, etc. that will withstand the onslaughts of even the Arizona sun, and the prices are right. 335 W. Wash.

#### MARKETING.

Is a fine art as your mother and grandmother will tell you, and it is almost a lost art. Just try taking your basket on your arm some morning and strolling down to Tribolet's Market, pick out the meats, vegetables and fruit you want for your table instead of leaving it all to the merchant and see how much better

what you get will please you. The Big Market, 114 E. Wash. is where you get the goods.

**IF YOU ARE A BICYCLE RIDER**  
You will be glad to know of "Do Good," a preparation made by Griswold the bicycle man, to keep tires from leaking. Get your leaky tire filled with Do Good, then you can go on a little jaunt into the country in a comfortable state of mind for it makes tires immune for a long time. Griswold has just received a consignment of new bicycles which he will be very glad to show you. 25-27 E. Adams.

#### THE FRENCH WAY.

The French method of dry cleaning does not shrink, fade, spot or make circles on the cloth. The suits to be cleansed are put into a perforated dust wheel, filled with brushes and padded carriers; the dust is thoroughly removed and the goods are then given a chemical bath and afterward rinsed in naphtha. This way of cleaning suits is most suitable, suits the public and the Arizona Cleaning Works is suited to the task.
